

Google My Business Management

Get found by more online consumers and ensure
that your business information is accurate

How Are Customers Searching for Your Business?

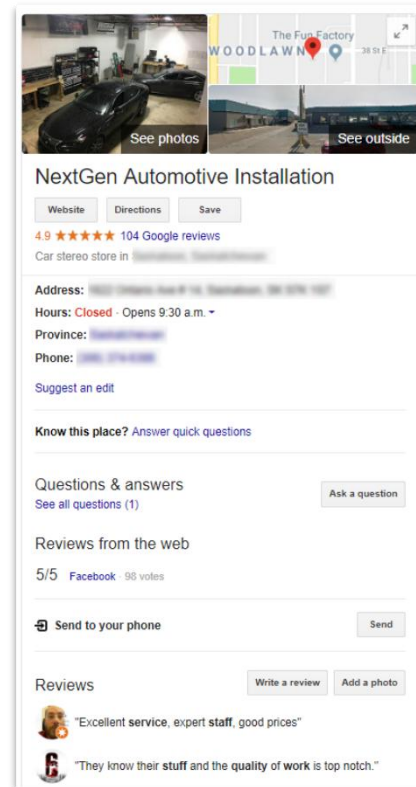

- They'll look up your business on the internet (probably using Google)
- Having a complete, accurate profile can help you close more deals
- You may lose potential customers if your profile is incomplete or inaccurate

What is Google My Business?

"Google My Business is a free and easy-to-use tool for businesses and organizations to manage their online presence across Google, including Search and Maps. If you verify and edit your business information, you can both ***help customers find your business*** and tell them your story."
